- Schools' duties around accessibility for disabled pupils: Schools and LAs are required to carry out accessibility planning for disabled pupils. These are the same duties as previously existed under the Disability Discrimination Act and have been replicated in the Equality Act 2010 Part 5A of the Disability Discrimination Act 1995 (DDA) requires the governing body to:
  - promote equality of opportunity for disabled people: pupils, staff, parents, carers and other people who use the school or may wish to; and
  - prepare and publish a Disability Equality Scheme to show how they will meet these duties.
- This Accessibility Plan and the accompanying action plan forms part of the Equality Scheme and sets out how the governing body will improve equality of opportunity for disabled people. The SEN and Disability Act 2001 extended the DDA to cover education, so since 2002 the Governing Body has had three key duties towards disabled pupils under part 4 of the DDA.
  - Not to treat disabled pupils less favourably for reasons related to their disability
  - To make reasonable adjustments for disabled pupils, so that they are not at a substantial disadvantage including potential adjustments which may be needed in the future.
  - To plan to increase access to education for disabled pupils.
- 3. This plan sets out the proposals of the Governing Body of the school to increase access to education for disabled pupils in the three areas required by the planning duties in the DDA.
  - increasing the extent to which disabled pupils can participate in the school curriculum;
  - improving the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services;
  - improving the delivery to disabled pupils of information which is provided in writing for pupils who are not disabled.
- 4. It is a requirement that the school's Accessibility Plan is resourced, implemented and reviewed and revised as necessary. Below is an action plan, showing how the school will address priorities identified in the plan. This plan incorporates the school's intention to increase access to education for disabled pupils.

- 5. In drawing up the Accessibility Plan the school has set the following priorities:
  - To provide safe access throughout the school for all school users, irrespective of their disability.
  - To ensure that the teaching and learning environment and the resources used are suitable for all staff and pupils, tailoring the requirements to suit individual needs.
  - To provide training to all staff regarding the needs of disabled people and how to provide assistance to enable them to enjoy the school experience as fully as possible.
- 6. It is the responsibility of the whole school community to implement this scheme in a manner which promotes the inclusive ethos of our school.
- 7. The Involvement of Disabled Children and Young People, Staff and Parents

In preparing this Accessibility Plan, disabled people, including pupils, parents and governors were involved as described in the Disability Equality Scheme. It has been informed by analysis of pupil & staff data and additional information gathered. 2. According to the Act a "disabled person is defined as someone who has a physical or mental impairment which has an effect on his or her ability to carry out normal day-to-day activities". The effect must be substantial, long term and adverse. The DDA definition of disability covers physical disabilities, sensory impairments and learning disabilities. Thomas Buxton Primary School is committed to equal opportunities and inclusion. This strategy should be considered alongside the following school policy documents:

- All Statutory Documents and Policies
- Equality Scheme
- Special Educational Needs
- 8. This plan considers the following areas which are identified as the focus for development:

#### Area A: Strategic direction, monitoring and evaluation

Improving the overall provision and accountability for those covered under the Equalities Act 2010.

### Area B: Improving access to the school curriculum for children with disabilities

The school's SEN policy ensures that staff identify, assess and arrange suitable provision for pupils with disabilities and special educational needs. Working with the LA and Educational Psychology Service, the AHT Inclusion manages the

Statutory Assessment Process, ensuring additional resources are available where appropriate.

The school Pastoral Team provides additional support for pupils and supports teachers in implementing strategies for improving pupils' behaviour and access to learning. The school works closely with specialist services including:

- Hearing Impaired Children's service
- Visual Impairment Advisory and Support Service
- Occupational Therapists and physiotherapists
- Speech and Language Therapy Service

### Area C: Improving access to the physical environment of school forpupils with physical disabilities

This element of the Planning Duty covers all areas of the physical environment such as external areas, buildings and fixtures and fittings. The aim is to continue to enhance the environment to meet the needs of all pupils and ensure that they have access to all aspects of education offered by John Scurr Primary School.

### ACCESSIBILITY PLAN

ANIERTA BOTH TEORED INCOMPONITION IN DEVILOR TO EXPLICATION				
ACTIONS	PERSON/S RESPONSIBLE	TIMESCALE	RESOURCES	SUCCESS CRITERIA, IMPACT ON ACHIEVEMENT
1.
